Bauer massenza MI 6 Massenza M I 6 Water drill

Caractéristiques générales

Marque	Bauer
Sous-catégorie	Foreuse
Année de construction	2005
Heures affichées	3587
Couleur	Jaune
Condition	Utilisé
État général	Bien
Carburant	Diesel
Référence	BG361
Marquage CE	Oui

Propriétés

Poids unique	9.900kg

Spécifications techniques

Actifs	156hp

Description

BG0236 Type: Drilling rig Brand: MASSENZA Model: MI.6 Engine: VM - 6 cylinder, liquid-cooled, 156 HP Hours on meter: 3852 Manufactured: 2005 Power 156 HP Dimensions L/H/W 7.00/2.80/2.40 MASSENZA HYDRAULIC DRILLING RIG MODEL MI6 mounted on TRACKS Used for water well research and geothermal applications. PARAMETERS: Strokes of rotary head/ feed length: 3760 mm Engine: VM - 6 cylinder, liquid-cooled, 156 HP PULL-DOWN SYSTEM: Hydraulically powered device by means of geared motor and heavy-duty high resistance chain. Hydraulically adjustable feed system of pull-down and hold back pressure on drill string. Pull-up max 56 kN (5,6 Tons) (12.346 lbs) Pull-down max 56 kN (5,6 Tons) (12.346 lbs) Chain strength in tension: 20.183 kg (44.496 lbs) Up-down adjustable handling fast feed rate from 0 to 35 m/min. SERVICE WINCH: Complete with 30 m of steel cable Ø 10 mm. Direct line pull 22 kN (4946 lbf) MASSENZA ROTARY HEAD model TM6.1: Internal diameter 50 mm (2"). Torque 6000 Nm - Speed 76 Rpm Torque 3000 Nm - Speed 152 Rpm MUD PUMP CAPRARI TWO STAGE ROTOR: Output flow max 1500 l/min Pressure max 16 bar STORAGE: For drill rods and casing pipes Rig is controlled by hydraulic levers !!! Weight: 9900 kg
